#### D.1- D.2 Individual Qualification

Number of Quota Places	Qualification Event
<u>D.1.2</u> Men: 6 Ladies': 6  <u>D.1.5</u> Men: 10 max Ladies': 10 max  32 total athletes	D.1.1 Allocation of NOC quotas will be based on the overall final classification from the 2015 ISU World Junior Short Track Speed Skating Championships on <b>27 February 2015 - 01 March 2015</b> in Osaka, Japan.
	D.1.2 The top three (3) ranked NOCs, per gender, in the overall final classification may enter a maximum of two (2) competitors.
	D.1.3 If more than one (1) skater from the same NOC in D.1.2 achieves a position in the top three (3) ranking, the quota places will be assigned to the next best ranked ISU Members/NOCs until the six (6) quota places per gender are filled. After the six (6) quota places are filled, the next best ranked NOC may only enter one (1) competitor until the total of 16 quota places per gender are filled.
	D.1.4 In case of a tie, the best placement in one of the distances will be used.
	D.1.5 If the total number of Skaters (16) cannot be filled, the NOC who reached fourth (4 <sup>th</sup> ) place in the overall final classification at the 2015 Junior World Championships may enter a second (2 <sup>nd</sup> ) Skater. This principle will continue until the maximum number of quota places (16) is reached.
	D.1.6 <u>Allocation of quota places to ISU Members/NOCs per event/distance:</u> All quota places achieved by the respective ISU Members/NOCs through the 2015 Junior World Championships can be used for both the Short Track Speed Skating individual distances and the relay.

### HOST COUNTRY PLACES

The Host Country is entitled to a quota of one (1) Man and one (1) Lady per event. The selection of athletes is at the discretion of the Host Country while respecting the eligibility criteria as detailed in **C. Athlete Eligibility**.

This entry will not increase the total number of participants. If the Host Country is not qualified through an allocated quota place by way of the ordinary qualification procedure as mentioned in **D. Qualification Pathway**, the entry will instead substitute the last qualified quota place for the YOG.

### E. CONFIRMATION PROCESS FOR QUOTA PLACES

After the conclusion of the qualifying process, the ISU will announce allocated quota places and NOCs will then have one (1) week to confirm and /or reject their use of these quota places to the ISU Secretariat as detailed in **G. Qualification Timeline**

## QUALIFICATION SYSTEM - 2<sup>ND</sup> WINTER YOUTH OLYMPIC GAMES - LILLEHAMMER 2016

### Use of allocated quota places

Upon confirmation by the ISU of the quota places earned by the ISU Members/NOCs, the subsequent “entries by name” to be made within the applicable deadlines are at the discretion of the respective ISU Members/NOCs, subject to the entered Skaters being eligible according to ISU and IOC rules

## F. REALLOCATION OF UNUSED QUOTA PLACES

### REALLOCATION OF UNUSED QUOTA PLACES

Any allocated quota places that are returned/not confirmed by the respective NOC will be reallocated according to the ranking order of the reserve list.

The reserve list will take the principle explained in par. 3 b i) first before applying the principle indicated in par. 3 b iii).

### REALLOCATION OF UNUSED HOST COUNTRY PLACES

If the host country is ranked in the top three (3) or obtains the entitled quota places by way of D.1.3 of the **D. Qualification Pathway** or if it declines its Host Country places, the next best ranked NOC will qualify.
