

Four Continents Figure Skating Championships® 2017

GANGNEUNG ICE ARENA / 14 - 19 FEB 2017

FIRST INFORMATION

Gangneung, Republic of Korea

CITY OF GANGNEUNG OVERVIEW

Gangneung is the largest city in Yeongdong area, a representative region on the east coast of Korea. With Taebaek Mountains on its west and the East Sea on the opposite, Gangneung provides visitors beautiful sceneries in all four seasons. It is gracefully nourished by the surrounding mountains, arching sky, and wholesome lakes and the ocean. As the center of the eight scenic spots of Yeongdong area, Gangneung has many attractions full of artistic, cultural and traditional values.

[Gyeongpoho Lake](#)

A lake where the wind, river, and sea meet-the Gyeongpoho Lagoon also goes by the name "Lake of Mirror", its surface being crystal and clear like a mirror. What makes it more picturesque are these: Gyeongpodae Pavilion, one of the famous scenic spots of Gwandong area, Wolpajeong Pavilion in the lake like an islet, and the cherry trees letting their petals rain on the water.

Ojukheon/Municipal Museum

Treasure no. 165. The Ojukheon House is the historical site where Sinsaimdang, the Korean representative mother figure and Yulgok Lee yi, her son, lived. As if to prove their greatness, both of them now appear on the Korean bill. The Ojukheon, the name of the house, refers to the characteristics of the house, around which there are many inky bamboos. To the north of the house, there is a museum where you can have an overview on the history and culture of Gangneung.

Seongyojang House

The Seongyojang House is one of the grandest Korean traditional houses, dating back to about three hundred years. On the back of the house there is a low hill with a dense forest of tall pine trees of old ages. It is said that one day Lee Naebeon, the descendant in the eleventh generation of Prince Hyoryeong (the second son of King Taejong) came to arrive this area while chasing a herd of weasels and ordered the house of ninety-nine-kan (kan being a space between two pillars) to be built. Before the pine trees were planted, the house had a great view of Gyeongpoho Lagoon.
