ISU World Junior Synchronized Skating Championships 2025  
Sustainability plan

City	Country	Sustainability plan
Calgary	CAN	<p>Skate Canada will employ the following sustainability steps during the ISU World Junior Synchronized Skating Championships® 2025:</p> <ul style="list-style-type: none"> <li>* Reduce the amount of paper used during competitions by providing information to teams by electronic means (i.e., email, ISU/Skate Canada app, website, etc.);</li> <li>* reduce the use of plastic bottles and avoid wasting water by having water stations set up in key areas throughout the venue;</li> <li>* Use recycling containers at venues (for plastic, paper, etc.);</li> <li>* Use of electric or gas ice resurfacing machines;</li> <li>* Use renewable resources in event facilities.</li> </ul>
Nottingham	GBR	<p>We will encourage public transport to reduce our carbon footprint. All hotels for Teams and Media are located within walking distance of the venue. An electrical charging point is being installed into the backstage car park for this event. Shuttle bus will be requested to be electric where possible.</p> <p>Nottingham City also has several electric taxis recently launching the first wireless charging fleet in the UK and Nottingham City has many electric buses in use for public transport.</p> <p>Nottingham City Centre also offers an e-scooter service which participants and spectators can use from the designated points around the city.</p> <p>The venue reuses wastewater to support the making of ice.</p> <p>96% of lighting on site is LED.</p> <p>We aim to be a paperless event with the use of Apps and online electronic updates at all access points.</p> <p>We plan to reinvest for the future of our sport in local schools programmes prior / during and after the event.</p> <p>The event will boost the local economy through catering, retail and excursions for spectators.</p> <p>No use of single use plastic water bottles, all participants will receive a refillable water bottle and there are water stations located throughout the venue.</p>

# ISU World Junior Synchronized Skating Championships 2025

## Sustainability plan

Gothenburg	SWE	<p>In summary the ISU World Junior Synchronized Skating Championships 2025 will have an active sustainability approach to impact the ecological, economic, social and democratic aspects. Sustainability provides quality and contributes to the whole experience of the event and should therefore be active, systematic and integrated. Our sustainability initiative is conducted in an ethically and legally correct manner.</p> <p>Laws and agreements are properly followed. The management team, employees as well as volunteers will have sufficient knowledge and tools to integrate sustainability into their daily work before, during and after the event. We will strive to minimize the negative impact on the environment and people to make a positive contribution to society, stakeholders and the local economy and to provide lasting positive effects locally, regionally and nationally. Examples of specific initiatives</p> <ul style="list-style-type: none"> <li>-Selection of hotels that have an active sustainability effort</li> <li>-Conscious choices of eco-friendly materials for event dressing, signage etc</li> <li>-Reduce use of bottled water and instead provide excellent water on tap</li> <li>-Reduce waste by using less disposable/single-use materials</li> <li>-Prefer use of digital information and marketing</li> <li>-Sorting/recycling of waste</li> </ul>
