The ISU will shortly publish at www.isu.org the Special Olympic Qualification Classification lists (SOQCs) which determined the above allocation of quota places for each event. These SOQCs also determine stand-by lists of quota places which will be activated if some allocated quota places will not be confirmed by NOCs concerned.

ISU Members/NOCs who do not intend to make full use of their entry quota (i.e., if the respective NOC would not select the number of skaters indicated in the columns "Total Entry Quota") are kindly requested to inform the ISU Secretariat as soon as possible, but not later than January 14, 2022.

B) Stand-by lists of quota places

Unused quota places will be reallocated to ISU Members/NOCs based on the different Special Olympic Qualification Classification lists (SOQCs), as per Rule 284, paragraph 5, subject to the IOC maximum quota of 112 athletes. The reallocation process will be finalized not later than January 22, 2022.
