The Minimum Technical Elements Score (not including Component Scores) is a Technical Score and must have been reached in an ISU recognized International Competition (as per Article 39, paragraph 7 of the ISU Constitution and Rule 107, paragraphs 1 to 10 of the ISU General Regulations) during the ongoing or two preceding seasons (see above-mentioned Council decision) in both segments, Short Program/Rhythm Dance and Free Skating/Free Dance (See ISU Special Regulations Single & Pair Skating Ice Dance, Rule 378, paragraph 3).

While the Minimum Technical Elements Score must be reached separately in each segment (not a total of the two segments), the Minimum Technical Elements Score for each segment may be reached at different competitions. If it would become evident that the number of entries based on the Minimum Technical Elements Scores listed above would be significantly higher or lower than expected, the ISU Council reserves the right to adjust the Minimum Technical Elements Scores in order to achieve the above-mentioned objective.

ISU Members will be informed latest 45 days prior to the entry deadline of the respective Championships if the announced required minimum Technical Score will be adjusted or will remain as announced. In case of the continental Championships the announcement for both European and Four Continents Championships will be made 45 days prior to the entry deadline of the earlier Championships, in this case the European Championships.

Note regarding the Covid-19 situation:
