SUMMER CAMP NOVICE 2023

The Skating School of Switzerland Summer Camps are training camps tailored for elite skaters at the Novice, Junior, and Senior levels. Stéphane Lambiel and his team are joining forces to offer a personal and enriching experience for skaters with talent and aspiration.

The **Summer Camp Novice** is reserved for skaters at the Novice level, meaning from the 4th Swiss star test or equivalent (mastery of all single jumps, at least 6 years old) up to the SIS 4 Advanced test or equivalent (ISU Advanced Novice, working on all doubles, up to 12 years old). The training program is designed to meet their specific needs. During the master classes, they will receive advice from our specialists on several selected topics, such as steps and turns, spins, jumps, or choreography. Theory workshops will complete this work and will also cover other important topics for skaters at that age, such as the basics of the judging system or how to prepare for a competition.
