In light of the current COVID-19 pandemic, the International Skating Union (ISU) and the Organizing Committee have been working diligently to ensure a safe environment for the media outlets wishing to cover the ISU World Figure Skating Championships®. # IMPORTANT INFO ABOUT ENTERING SWEDEN

---

When it comes to journalists or members of the media entering Sweden for covering the ISU World Figure Skating Championships 2021, there are unfortunately strict rules for entering Sweden\* from outside the EU/EEA.

The Swedish border police has updated the exemption information for the entry ban for highly skilled professionals, if the work can not be postponed or be done remotely.

Media from outside EU/EES might enter, but the following documentation must be provided by the employer:

- proving that the media person is to perform work in Sweden
- why the work cannot be performed remotely
- time period
- a description of the role and why the media person is "highly qualified".

If your media accreditation is accepted, you will need to show the confirmation message proving this, along with a negative COVID-test not older than 48 h at the border.

If you require an invitation letter from us to apply for a VISA, you first have to apply for media accreditation and get it accepted.

Please note that media from the UK, Norway and Denmark may not be accepted.

The situation can change at any moment, therefore it is the responsibility of the media who decide to travel to Sweden to stay informed on the latest rules for entering Sweden. An approved media accreditation will under no circumstances guarantee entry into Sweden.

The OC and ISU will not be held responsible for changes to the rules or the decision of the border police.

## Pre-conditions on attending an ISU Event for all on-site media

In order for any media accreditation request to be considered members of the media must:

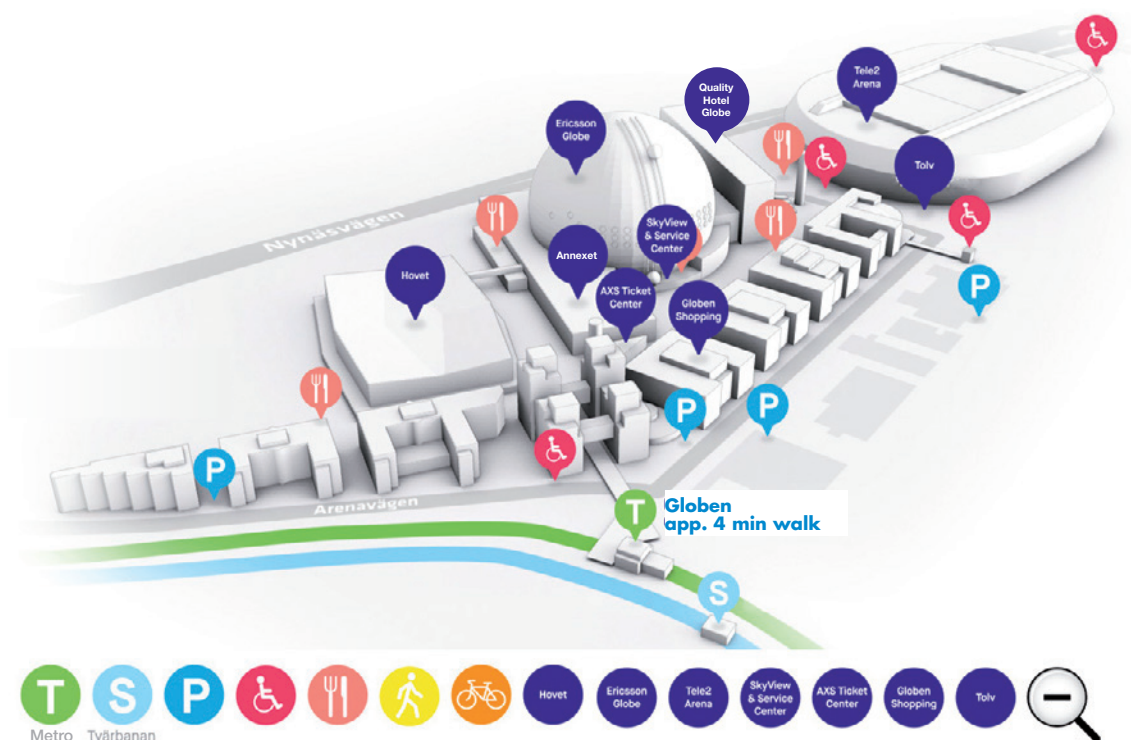

1. Read the Guidelines for ISU Events during the COVID-19 pandemic – For the Media [ISU COVID-19 Event Guidelines](#).
2. Sign the [Waiver for Attendees of ISU Events during Covid-19 Pandemic](#).
3. Present a negative PCR test, taken not later than 48h (TBC) prior to arrival.
4. Fill in the online [ISU Covid-19 Health Questionnaire](#) daily, starting 5 days prior to arriving onsite.

All accredited media must make themselves familiar with the following World Health Organization (WHO) publication: [Key planning recommendations for mass gatherings in the context of the current COVID-19 outbreak](#).

The number of media accreditations issued per event will be restricted and will depend on the venue and the restrictions of the host nation. Priority will be given to media residing in the host nation.

The ISU will not be held responsible for any travel restriction or delay, even if an accreditation request has been approved.

## Accreditation Procedure

All media must apply for media accreditation through the [ISU Online Media Accreditation System OMAS](#).

In light of the current COVID-19 pandemic, the International Skating Union (ISU) and the Organizing Committee have been working diligently over the past few months to ensure there will be ample coverage opportunities available to media outlets wishing to cover the ISU events.

There will be very strict guidelines for anyone who will be accessing the venue to ensure the health and safety of athletes, coaches, officials, media and everyone involved with the event. With this in mind, there will be two types of media accreditations issued for those wishing to cover ISU Championships.

**On-site** media accreditation holders will not be part of the “bubble” but will have access to the venue and as such will be required to follow all protocols that are required and adhere to the rules and restrictions. Only a very limited number of on-site media accreditations will be distributed.

- **Photographers** will have no event-level access but will be assigned photo positions in the spectator seats or in a designated area. There will be an adjacent photographer’s work area. There will be appropriate social distancing measures in place.
- Representatives from **print and digital media outlets** will have assigned individual work areas within the venue, which are not to be swapped or exchanged throughout the duration of the event.
- There will be no person-to-person access with athletes, coaches or officials. All interactions with athletes and coaches will be conducted virtually.
- On-site media accreditation holders must sign the [Waiver Form Pandemic Covid-19-Media](#).
- Present a negative PCR test, taken not later than 48h (TBC) prior to arrival.
- Conduct Daily Health Checks (online ISU Covid-19 Health Questionnaire daily in the morning and evening).
- Face masks are required at all times in the Arena.

**Remote media accreditation holders** will not have access to the venue and will be covering the event virtually. Those holding a remote accreditation will not have access to the venue under any circumstances.

The deadlines to apply for media accreditations are as follows:

On-site media accreditation requests: **February 28**

Remote media accreditation requests: **March 15**

No late media accreditation requests will be accepted for on-site media accreditation requests.

All media must provide the following documentation when applying for media accreditation and further information can be requested.

- Signed Waiver (On-site media accreditation requests only).
- Endorsement Letter in .pdf, .jpg, .png or .jpeg (all media expect TV Right Holders and the Host Broadcaster).
- Copy of current professional media or journalist card in .pdf,.jpg,.png,.jpeg (all media).
- ID photo in .pdf, .jpg, .png or .jpeg (all media).

## Rights holding TV / radio and Host Broadcaster

Right Holders are requested to reduce the number of on-site team members to a minimum still allowing a quality TV operation on-site and have the possibility of applying for either on-site or remote media accreditation. For onsite operation, the RHs will have no access to the event floor.

All right holding media must also apply for accreditation as indicated above. To book any broadcasting services or facilities please contact the Host Broadcaster:

### **Nordic Entertainment Group**

Mikael Krantz

[mikael.krantz@nentgroup.com](mailto:mikael.krantz@nentgroup.com)

The Host Broadcaster is also to apply for media accreditation via OMAS and is to contact the ISU Media Team [media@isu.ch](mailto:media@isu.ch) to obtain their login and further information.

## Anti-COVID-19 measures

A full event handbook will be available prior to the event. Below are some key guidelines and restrictions that those applying for on-site media accreditation should be aware of.

The ISU and Organizing Committee, in coordination with **Public Health Agency of Sweden** will institute a Health & Safety Plan as outlined below to ensure the safest possible environment for all participants and the flexibility to adjust daily as needed.

## Step 1 – Advance communication, education and COVID-19 screening

**5 days from arrival:** All persons will be required to start daily health screening. Health Screens will be monitored by members of a medical team. In addition, all persons are requested to start to reduce public interactions to lower the risk of being exposed to COVID-19.

## Step 2 – Arrival, quarantine and testing

All persons will arrive at the venue to be checked in to the event as follows:

- Health screening. If there are any doubts, the individual will have to follow-up with the local medical team or the medical liaison to determine next steps in follow-up care or further testing.
- Temperature checked.
- Present a negative PCR test, taken not later than 48h (TBC) prior to arrival.
- Event orientation will be mandatory for all persons.
- Accreditation will be provided.

## Step 3 – Daily monitoring and restricted access

- All persons will be required to present their valid event accreditation at designated entry doors and will have their temperature checked daily and/or each time they enter facility.
- Anyone recording a temperature of **37,5° C** or higher will be required to quarantine and referred to local medical services. They may require a new COVID-19 PCR test.
- All persons will be required to wear a face mask at all times while in the venue and common areas. Please note: face masks must comply with the ISU advertisement regulations (ISU Communication 2221). No advertising marking is allowed on face masks. Use of **FFP2/KN95** masks is recommended.

## Accreditation Confirmation

If the accreditation request is accepted, an email of confirmation will be issued. You may be asked to present a copy of the email of confirmation to receive your accreditation badge.

You will also be notified if your accreditation request is denied. ***Please note that the ISU and OC reserve the right to refuse accreditation with or without justification.***

Scandinavian Airlines System (SAS) has the largest number of non-stop flight connections from Stockholm to international destinations.

There are also smaller regional airports in the greater Stockholm area. Please note that the official pick up will only be at Stockholm-Arlanda Airport.

### By train

There are different options to travel to Stockholm by train from Europe, most convenient via Copenhagen and the Öresund Bridge connecting Sweden and Denmark. The state-owned rail company SJ runs most long-distance routes from Copenhagen and Oslo and domestic routes in Sweden, to Stockholm. There is one main train station, Stockholm Central Station located in the city center.

## Distances to the Official Hotel:

From Stockholm-Arlanda International Airport: 40-60 minutes (traffic dependent)

From the Central Station: 10-20 minutes by car (traffic dependent), 10-15 minutes by metro

## Transportation between the airport and Stockholm

There are several airport transportations available. You can also visit the Stockholm-Arlanda International Airport (ARN) for more information about Ground Transportation.

## Taxi

There are many taxi companies to choose from in Stockholm. Approved taxis with metered fares always bear yellow number plates. Credit cards are readily accepted. NOTE: Taxi fares are not regulated in Sweden; they may vary greatly. It is the customer's responsibility to check fares beforehand. For trips to and from Stockholm Arlanda Airport the major taxi companies have fixed fares at approximately SEK 500. Always ask the driver beforehand. In addition to the major taxi companies there are several independent firms; caution is advised.

## Airport Express Train

Arlanda Express Train is the fastest way from Stockholm-Arlanda Airport to Stockholm City. Travel time is only 20 minutes from the airport to the Central Station in Stockholm. # USEFUL INFORMATION

---

Swedish National Day, June 6th celebration outside the Royal Palace facing the National Museum.

When in Stockholm; have a bulle! Traditional "fika" at most of the coffee shops in the city.

Sweden is one of the largest countries in Europe, with great diversity in its nature and climate. Its distinctive yellow and blue flag is one of the national emblems that reflect centuries of history between Sweden and its Nordic neighbours.

Sweden is a sparsely populated country, characterised by its long coastline, extensive forests and numerous lakes. It is one of the world's northernmost countries. In terms of surface area it is comparable to Spain, Thailand or the American state of California. Sweden's borders have been unchanged since 1905 and the country has not been at war since 1814.

Sweden has a democratic system of power built on openness and transparency where everyone has the same rights.

Sweden experiences extreme contrasts between its long summer days and equally long winter nights. In the summer, the sun stays in the sky around the clock in the parts of Sweden north of the Arctic Circle, but even as far south as Stockholm (59°N) the June nights have only a few hours of semi-darkness.
