Communication No. 2313

ICE DANCE
GUIDELINES FOR INTERNATIONAL NOVICE COMPETITIONS 2020/21

It is a requirement for certain Technical Rules to be announced annually by the Ice Dance Technical Committee and all other rules are published in Special Regulations & Technical Rules:

- General Rules

- Requirements defined in the Technical Rules as valid for one season only:
  - Pattern Dances for International Competitions (including Key Points and Key Point Features)
  - Music requirements for Pattern Dances for International Competitions,
  - Marking guide for Components for Pattern Dances
  - Required Elements for Free Dance

The Communication “Requirements for Technical Rules with ongoing validity, effective July 1, 2020” will include:

- Marking Guide for GOE for Pattern Dances and Free Dance
- Criteria for Levels for all Required Elements
- Marking Guide for Components for Free Dance

With the uncertain situation with COVID-19, the IDTC proposed and the Council decided, to keep similar requirements from the 2019/20 season for the Pattern Dances and Free Dances for the 2020/21 season. The decision is made in the best interest of the Ice Dance athletes providing all couples the same advantages based on when they will be able to begin training.

MUSIC REQUIREMENTS FOR PATTERN DANCES FOR INTERNATIONAL COMPETITIONS
Rule 707, paragraph 5 provides that, in International Competitions, the current series of ISU Ice Dance music shall be used for the Pattern Dance unless the Ice Dance Technical Committee has decided that the music for one or several Pattern Dances is to be provided by the Couple, following certain requirements.
For season 2020/21, Couples shall provide their own music for all Pattern Dances. According to Rule 707 paragraph 6: After the completion of the last step of the Pattern Dance, the couple must reach their final pose within 20 seconds. If this time limit is exceeded, a "Pattern Dances Program time" deduction according to Rule 353, paragraph 1. n) shall apply. Other International Competitions and International Adult Competitions: As announced by the organizer in the announcement of the competition. The music must be chosen in accordance with the Rhythm of the Pattern Dance and may be vocal. The Tempo throughout the required Sequences must be constant and in accordance with the required Tempo of the Pattern Dance (see ISU Handbook Ice Dancing 2003) plus or minus 2 beats per minute (for dances with 4/4 timing) and plus or minus 3 beats per minute for waltz rhythms.
**PATTERN DANCES**

All Pattern Dances will be skated in the order listed and must be performed with the first sequence executed in front of the judges’ stand. If not, the Referee will stop the couple and instruct them to restart on the correct side without deduction. The first Step of the dance must be on beat 1 of a measure. Couples shall provide their own music for all Pattern Dances. May be ISU Ice Dance music (tune 1-5). Each team’s music for the official practice will be played for both Pattern Dances (Each couple skate the first Pattern Dance to their own music and then each couple skate the second dance to their own music).

Warm-up 3 minutes, max 6 couples. The first 30 seconds are without music, followed by 2 minutes and 30 seconds of the 6th tune of the ISU Ice Dance music has to be played.

* Cross Roll (Forward/Backward) - Requirement/description: Cross Roll (Forward/Backward) – A Roll started with the action of the free foot approaching the skating foot from the side and passing continuously the skating foot on ice to the next outside curve. At the same time, the body weight transfers from one outside curve to the new outside curve to create a "rolling movement". Following this action, an outside edge is required

**For Cross Rolls, the free foot passes the skating blade/foot and is placed on the ice in front/back of the skating blade/foot. There is no requirement for the new skating blade to be on an outside edge when it is placed on the ice.

Note: A change of edge within the last beat of the step is permitted to prepare the push/transition to the next step.
