## ISU Office Holders and ISU Members

The list of [ISU Office Holders](#) and the [ISU Members](#) are updated as and when necessary.

## Rules and Regulations

In Short Track Speed Skating a pack of four to eight Skaters race against each other rather than against the clock. Competitors skate a series of Preliminaries, Heats, Quarter-Finals, Semi-Finals and Finals over 500, 1000, 1500 meters and 3000 meters and Relay Events for National teams (composed of four Skaters) over 3000 meters for Ladies and 5000 meters for Men. Race winners, second and sometimes third placed Skaters/Teams move up to the next round. Fastest times following qualified skaters (in individual distances only) may also advance to fill remaining spots in the next round.

### Individual racing rules

- a) Races are run counter-clockwise, that is to say the inner side of the track is on the left hand side of the Skater/Relay Team;
- b) Overtaking is allowed at all times, but until the Skaters/Relay Teams are besides each other the responsibility for any obstruction or collision shall be upon the Skater/Relay Team overtaking, provided the Skater/Relay Team being overtaken does not act improperly;
- c) When a Skater/Relay Team has been lapped once the Skater/Relay Team may continue his race, preferably on the outside of the track, provided this does not interfere with nor impedes other competitors;
- d) If a Skater/Relay Team is lapped twice, that Skater/Relay Team shall leave the race unless there are one (1) or more other Skaters/Relay Teams very close to his current race position. Skaters/Relay Teams who have left the race on basis of this rule shall be recorded as not finished. If the Referee, at his discretion, feels that the Skater/Relay Team was prevented from finishing due to reasons beyond the Skaters/Relay Teams control, then the Referee may declare the Skater/Relay Team having reached the finish but no time shall be recorded;
- e) A Skater/Relay Team has completed the distance when the Skater has reached the finish line with the leading tip of the skate blade.

### Infringements:

- a) The general racing rule is that the Skaters/Relay Teams by their way of skating shall contribute to the honest sporting and safe progress of the race in order to determine the result of the race on its merits;
- b) Breaches of the racing rules are considered as follows:
  - OFF-TRACK: Shortening the distance to be skated with one or both skates on the left side of the curve, marked by track marking blocks;
  - IMPEDING: Impeding, blocking, charging, or pushing another Skater with any part of the body. Interfere with another Skater by crossing his/her course thereby causing contact;
  - ASSISTANCE: Each Skater shall compete as an individual. Any assistance from other Skaters will be cause for sanctions of all Skaters/Relay Teams involved. This will not apply to the push the Skater receives from their Team-mate in a Relay race.
  - KICKING OUT: Kicking out of any skate during any part of a race thereby causing danger including at the finish line or throwing the body across the finish line is forbidden.

### Relay racing rules

- a) Teams consist of maximum of the following number of Competitors:
 

i. World Championships	5
ii. World Junior Championships	4
iii. European Championships	5
iv. World Cup Competitions	6
v. All other Competitions	5
- b) For each race any four (4) of the named Skaters must take part in the race;
- c) All members of a Team shall be equally dressed. Teams which do not comply with this shall be excluded from participation. For Competitions where Skaters from different nations form a team, a simple and easy identification system will be sufficient;
- d) A Skater will be in the race and be responsible for the Team until that Skater is relayed by a Team member. Relaying will be by touch, that is to say a Skater will not be in the race until that Skater has been touched by, or has touched the Skater he is relieving;
- e) A Skater may be relayed at any time except during the last two (2) laps. These laps must be skated by one Skater. A warning shot will be fired to indicate the start of the last three (3) laps;
- f) In the case of a fall during the last two (2) laps, the Skater may be relayed.

### Relay Infringements:

- a) The individual racing rules, paragraphs 1 and 2, shall apply to Relay races, that is to say for all members of the Team, both participating and relayed Team members;
- b) Breaches of the relay racing rules are considered as follows:
  - RELAYING NON TOUCH: The relay has taken place without a touch or that the touch has not been obvious, clearly shown, and seen by the Referee or Assistant Referees;
  - RELAYING DURING THE LAST TWO (2) LAPS: The last relay has not been clearly started before the commencement of the final two (2) laps.

## Sanction for Infringements of the Racing Rules or the ISU Code of Ethics

- a) The term “disqualification” as used in Rule 123 paragraph 4 c). shall be understood to describe the various sanctions mentioned in this Rule including without limitation the following type of sanctions:
  - i) **PENALTY:** In the case of an infringement of the Racing Rules a penalty will be given by the Referee. With the exception of Final A, where Rule 295, paragraph 5 b) applies, the Skater/Relay Team will be disqualified in the relevant race in which the infringement occurred, and will be excluded from participating in the next round of the distance concerned. The Skater/Relay Team will forfeit the points/result accrued in that race alone, for Final A of ISU Championships, please refer to Rule 295, paragraph 5 b). Points/results accrued prior to that race will not be affected. If in a race more than one infringements of the Racing Rule “Impeding” and/or “Kicking Out” are made by one and the same Skater/Relay Team, that are independent of each other, and each resulting in a penalty, the Referee will give the Skater/Relay Team concerned a Yellow Card.
  - ii) **YELLOW CARD:** If an infringement of the Racing Rules is deemed by the Referee to be an unsafe, harmful or hazardous offense, a yellow card will be shown to the infringing Skater. The Skater/Relay Team will be disqualified in the relevant race in which the infringement occurred and excluded from participating in the next round of the distance concerned. The Skater/Relay Team will forfeit prior points/results accrued in all races over the distance concerned. Any Skater who is shown the Yellow Card twice in the same Competition will be sanctioned by a Red Card, will be excluded from the Competition immediately and will not be ranked in the final classification. A Yellow Card given to a Relay Team is not cumulative to any Yellow Card given to an individual Skater and vice versa.
  - iii) **RED CARD:**
    - 1) If an infringement of the Racing Rules is deemed to be dangerous or grossly negligent or a violation of the ISU Code of Ethics happens in the period between the appearance of a Skater at the Heat Box In and leaving the Heat Box Out after a race, the Referee will show the Skater a Red Card. The Skater will be disqualified from the Competition, including the Relay race, and will not be ranked in the final individual classification. If a member of a Relay team receives a Red Card during the Relay race, the Relay team is disqualified and will not be ranked in the final Relay classification. The respective Skater is excluded from the Competition and will not be ranked in the final individual classification. The Skater/Relay team will forfeit prior points/results accrued in all races of the Competition.
    - 2) In the case a Skater is shown two (2) Yellow Cards in the same Competition, the Skater will be shown a Red Card.
    - 3) A Red Card may also be shown to the Skater for any action and behavior, either on or off ice during the event period, i.e. the beginning and the end of an event as established by the ruling body of the event, which is considered by the Referee as
      - i) non-compliance with instructions of an official in charge,
      - ii) a violation of the ISU Code of Ethics.

Any Official or other participant in an ISU activity witnessing a violation of the Code of Ethics during the event period needs to verbally report to the Referee. The Referee shall file a written report with the Short Track Speed Skating Technical Committee concerning any Skater who is shown a Red Card or a Yellow Card. The Short Track Speed Skating Technical Committee shall forward this information to the Sports Director who will inform the Council. The Short Track Speed Skating Technical Committee shall create a database of all Yellow and Red Cards issued during a skating season. Irrespective of the Red Card decision of the Referee, any Skater

falls under the disciplinary authority of the Disciplinary Commission at any given moment and is subject to a sanction imposed by the DC.

If a Skater has accumulated two (2) Red Cards within 12 months, that Skater shall be automatically suspended from all ISU Events, the Olympic Winter Games, and International Competitions for at least two (2) months or three (3) applicable competitions whichever is the longer period.

- b) The Referee's decision that: (i) there was an infringement of the Racing Rules or ISU Code of Ethics or (ii) decisions approving the announcement of the results showing that there was no infringement are final and no protests against such decisions are allowed (See Rule 123, paragraph 4 c) ;
- c) If in the opinion of the Referee and his Assistants, the Skaters are "not racing" they shall stop the race, declare "no contest" and may give a penalty to Competitor(s) ;
- d) If, during a race, any irregularity that may affect the result does take place, the Referee may stop the race and order an immediate re-start of the race. If the distance has been completed the Referee may order a re-run of the race after respecting the rest time according to Rule 295, paragraph 2). If any of the Skaters/Relay Teams have been sanctioned under this Rule for conduct occurring before the race is stopped then such Skater(s), and the Skater's Relay Team (if the race is a Relay race), will not take part in the re-run;
- e) Any Skater, for whom the race has been stopped (to preserve the Skater's well-being), will not be allowed to take part in the re-start, unless the Skater was unable to continue due to reasons beyond his control. This does not apply to the starting procedure. The results of Skater(s) excluded for this reason from a re-start will show 'no finish'. This also applies to Relay Teams.
- f) Sanctions imposed by the Referee under this Rule are communicated at the end of each race to the Competitors Steward by specifying the helmet number, digit by digit, plus the country of the Skater. The Competitors Steward reports his recordings back to the Referee who reconfirms the decision. The recorded decision is the final decision and cannot be changed unless there is a recording, technical, data or communication error. The corrections have to be made before the next qualifying round. Any correction must be officially announced and documented.

Sanctions are announced at the end of each race before the announcement of the official results, to the Skater(s)/ Team Coach or Team leader, and over the public address system for the benefit of the spectators, specifying where and how the Skater(s)/Relay Team concerned made an infringement and whether there is an advancement.

If the public address system can be understood loud and clear at the Coaches Box, or the information is immediately available on a screen or any other communication device, then there is no need for any On Ice Official to go to the Coaches Box to announce the decision(s).

In the case of a violation of the ISU Code of Ethics, either on or off the ice, within the event period, the sanction may be announced also at a later stage and the consequences as indicated above in paragraph 5.a) iii 1) will apply.

## World Cup Competitions

The World Cup series consists of four Competitions. For the 2017/2018 season the Audi ISU World Cup Short Track will also serve as the qualifying events for the Olympic Winter Games 2018. The competitions have a single distance character and are held in separate sessions. The first and second days are dedicated to all Qualifying Rounds. On the third and fourth days the last Qualifying Rounds (if necessary) are taking place preceding the World Cup session that day.

On the distances 500, 1000 and 1500 meters there are A and B Finals. Skaters qualify for A and B Finals only through the Semi-Finals.

Relay Teams consist of four or six Skaters, which are all considered as participants. During any Relay race in a competition, a maximum of four Skaters shall compete. Entries of Teams with less than four or more than six Skaters are not accepted. All Skaters of a team must belong to the same ISU Member.

### Classifications at each World Cup Competition:

The Distance Classifications over the Individual Distances 500, 1000 and 1500 meters will follow the Rules for Distance Classifications (see Rule 295, paragraph 6)

- First to be listed will be Competitors who have qualified for the World Cup in accordance with Rule 295, paragraph 6, using the results of the World Cup Session. Any persisting tie will be broken according to the results of the Competitors in the Qualifying Session.  
Any Competitor who received a penalty, did not start or failed to finish in the first round of the World Cup Session will be ranked last in this group. If this applies to more than one Competitor, they will be ranked according to their results within the Qualifying Session.
- Then the remaining Competitors who have participated in the Repechage Session will be ranked in accordance with Rule 295, paragraph 6, using the results of the Repechage Session. Any persisting tie will be broken according to the results of the Competitors in the Qualifying Session.  
Any Competitor who was given a penalty, did not start or failed to finish in the first round of the Repechage Session will be ranked last in this group. If this applies to more than one Competitor they will be ranked according to their results in the Qualifying Session.
- Any remaining Competitor will be ranked in accordance with Rule 295, paragraph 6, using the results in the Qualifying Session.
- Any Competitor who did not finish, received a penalty (Rule 297, paragraph 5) or was shown a yellow card (Rule 297, paragraph 5) in the first round of the Qualifying Session will receive a virtual rank equal to the number of participants on the distance concerned plus 1.
- Any Competitor who was shown a red card (Rule 297, paragraph 5) will not be listed.
- Competitors who have been entered but did not start, due to whatever reason, will not be listed.

The Distance Classifications over the Relay Distances will follow the Rules for Distance Classifications (see Rule 295, paragraph 6)

### Points scoring:

The points scoring for each Distance Classifications at World Cup Competitions is as follows:

Rank	Points	Rank	Points	Rank	Points
1	10000	16	352	31	14
2	8000	17	281	32	13
3	6400	18	225	33	12
4	5120	19	180	34	11
5	4096	20	144	35	10
6	3277	21	115	36	9
7	2621	22	92	37	8
8	2097	23	74	38	7
9	1678	24	59	39	6
10	1342	25	47	40	5
11	1074	26	38	41	4
12	859	27	30	42	3
13	687	28	24	43	2
14	550	29	19	44	1
15	440	30	15	45	1

### World Cup Classification:

- For the purpose of establishing the World Cup Classifications over the Individual Distances, only the best three (3) results from the possible four (4) Distance Classifications at World Cup Competitions will be considered.
- For the purpose of establishing the World Cup Classifications over the Relay Distances, only the best three (3) results from the possible four (4) Distance Classifications at World Cup Competitions will be considered.
- For the purpose of establishing the Special Classifications over the Relay Distance to qualify for the European Championships a Distance Classification will be used with only European Members and the total of World Cup Points will be calculated over the Competitions concerned (see Rule 286, paragraph 4.c).

### ISU Short Track Speed Skating Championships

There are three ISU Championships held every season, the European Championships, World Junior Championships and World Championships. The World Junior Championships has an allround character only while the World and European Championships have both an allround and single distances character.

The allround classification is build based on the results of each Skater in the three individual distances, 500, 1000 and 1500 meters. After the completion of the three individual distances, the top eight point scorers and ties on the eighth position will skate the 3000 meters Super-Final (For World Junior Championships, top six will skate the 1500 meters Super-Final).

The winner of the Championships is the Skater having accrued the highest total of points after the completion of the three individual distances and the Super-Final. The winner is awarded the

Gold medal. The Skaters placed second and third in the Final Classification after four distances are awarded the Silver and Bronze medal respectively.

The winning Team of the Championships' relay competition is the one which has been declared winner of the Final race and is awarded the Gold medal. The teams placed second and third are awarded the Silver and Bronze medal respectively.

### Points and classifications

- a) Final Points will be awarded in the Finals A and B only. The points 34, 21, 13, 8, 5, 3, 2 and 1 are awarded in descending order commencing with the first place in Final A and after all places in Final A have been awarded, the remaining points will be awarded to the Final B in descending order starting with the first place;
- b) In the case of a penalty or did not finish in the Final A, the Skater(s) concerned will be awarded a number of points equal to the winner of the Final B.
- c) In the case of a penalty in the Final B, the Skater(s) concerned will not be awarded any points;
- d) Skater(s) who are declared finished by the Referee will be assigned the corresponding number of points.
- e) No points will be awarded to Skater(s) who did not start, received a yellow card or received a red card;
- f) In the case of a tie, all Skaters involved in a tie will receive the points awarded for that finish position (e.g. tie on 2nd both Skaters will receive 21 pts). If two (2) Skaters are involved in a tie, the points for the following finish place will not be awarded, in the case of three (3) Skaters involved, the following two (2) finish places will not be awarded.

### Single distance winners:

At the World Short Track Speed Skating Championships, the winner of the Final race of each individual distance is declared World Champion over that particular distance and is awarded a Gold medal; the Skaters placed second and third in the Final race are awarded the Silver and Bronze medal, respectively.

At the European Short Track Speed Skating Championships, the winner of the Final race of each individual distance is declared European Champion over that particular distance and is awarded a Gold medal; the Skaters placed second and third in the Final race are awarded the Silver and Bronze medal, respectively.
