

## Communication No. 2513

### ISU World Cup Short Track Crystal Globe for Season 2022/23

The ISU Congress 2022 accepted a proposal to establish an Overall World Classification based on an accumulation of points from all individual distances in selected Events for the purpose to determine a Combined Season Ranking and crown a Season Champion for each category, Women and Men (see Rule 286, paragraph 11).

The following ISU World Cup Short Track Events have been identified for the purpose of crowning Champions for the season 2022/23 who will be the winners of the new ISU World Cup Short Track Crystal Globe Trophy.

	<u>Place</u>	<u>Country</u>	<u>Date</u>	
1	Montreal	CAN	October 28, 2022 October 29-30, 2022	Qualifying Session WORLD CUP Session
2	Salt Lake City	USA	November 4, 2022 November 5-6, 2022	Qualifying Session WORLD CUP Session
3	Almaty	KAZ	December 9, 2022 December 10-11, 2022	Qualifying Session WORLD CUP Session
4	Almaty	KAZ	December 16, 2022 December 17-18, 2022	Qualifying Session WORLD CUP Session
5	Dresden	GER	February 3, 2023 February 4-5, 2023	Qualifying Session WORLD CUP Session
6	Dordrecht	NED	February 10, 2023 February 11-12, 2023	Qualifying Session WORLD CUP Session

The conditions and competition program for these Events are specified in ISU World Cup Communication No. 2506.

The Overall World Classification 2022/23 will be based on the same point system as for the World Cup Classification. Only Skaters with a result on the distance classification in the Main Sessions will receive World Cup Points, as follows:

Classification	Points	Classification	Points
1	100	13	18
2	80	14	16
3	70	15	14
4	60	16	12
5	50	17	10
6	44	18	8
7	40	19	6
8	36	20	5
9	32	21	4
10	28	22	3
11	24	23	2
12	20	24	1

*The Overall World Classification will include a maximum of 12 results for each Skater.*

It is not mandatory for Skaters to participate in all 3 distances to be ranked in the Overall World Classification. However, for each individual distance (500m, 1000m and 1500m), a maximum of 6 results from the Distance Classifications at ISU World Cup Competitions are considered for the Overall World Classification. Skaters will have the possibility to race a distance up to 8 times during the World Cup season, but only a maximum of 6 results for one distance will be kept.

Examples: Skaters can decide to race 4 X 500m, 4 X 1000m and 4 X 1500m, or they can decide to race 6 X 1000m and 6 X 1500m to get to their 12 counting results. Skaters racing 8 X 500m and 4 X another distance would have only 10 results counting since the maximum number of results counting for the same distance is 6.

At the end of the season the Overall World Classification will correspond to the total of the points cumulated for the World Cup Distance Classifications in the three individual distances.

### **Tie Breaker**

In case of a Tie in the Overall World Classification Points, the Winner will be the Skater with the most 1<sup>st</sup> place finishes.

In case a Tie persist, the winner will be the Skater with the most 2<sup>nd</sup> place finishes, then the most 3<sup>rd</sup> places.

If Skaters are tied because they have exactly the same results (in World Cup points) for their 12 counting results, no further tie will be broken, and they will both be declared Season Champions and Winners of the ISU Short Track World Cup Crystal Globe

## Award Ceremony

At the end of every World Cup Competition, an updated version of the Overall World Classification will be published and promoted. There will be updates and promotions of the best ranked Skaters in the Overall World Classification during all World Cup competitions of the season.

A special Award Ceremony to crown the winners will take place at the conclusion of the last World Cup of the season in Dordrecht, NED on February 10-12, 2023.

## Prize Money

Prize Money will be awarded based on the Overall World Classifications after all the World Cup Competitions of the season have been concluded. The Prize Money amounts for the Overall World Classifications 2022/23 are as follows:
