### 3.1. Entry rules

#### 3.1.1. Entries of Competitors

ISU Members must submit their entries using the *ISU Online entry system* at <http://www.isu.events>. The entries must for each entered Competitor indicate the distance(s) to be skated, as well as the distances where the Skater would be a substitute (maximum one substitute per distance), and entries for team competitions. An entered Competitor may be replaced by an entered substitute *not later than at the Team leaders' meeting preceding the draw* for the distance or at a specifically announced deadline. Replacement of a Competitor by an entered substitute *after the draw* may **exceptionally** be accepted, but only if the Referee has been duly informed **at least two hours** before the start of the first race (Division A or Division B) of the distance.

#### 3.1.2. Qualifying times

Entered Skaters must have achieved qualifying times for the respective distances, as follows:

	500m	1000m	1500m	3000m	5000m

The slower Qualifying time, listed in (brackets), applies for results achieved outside the high altitude ice rinks in Calgary (Olympic Oval), Salt Lake City (Utah Olympic Oval) and Ürümqi (Xinjiang Ice Sports Center).

- a) For a result to be a valid qualifying time, it must have been achieved in ISU or International Events and National Championships in the period between *July 1, 2019* and the entry deadline for the ISU World Cup Competition concerned.
- b) Due to the current Covid-19 pandemic situation and the limited amount of available competitions of the categories listed in sub-paragraph a) above, results also from other competitions may be considered as applicable for achieving qualifying times at the discretion of the ISU, upon specific request to the ISU Speed Skating Technical Committee.
- c) For Mass Start and for Team competitions any of the above listed qualifying times apply. However, for each ISU World Cup an ISU Member may enter for these competitions maximum one Skater (per gender) who has not achieved any of the qualifying times for the distances. The required 1500m qualifying time limit for such an entry will be: for Ladies: 2.11,50; for Men: 1.59,00.

#### 3.1.3. Entry quotas for World Cups

## 4. Competition Formats

### 4.1. Individual competitions skated in separate Divisions

For each individual competition the entered Skaters compete in two separate divisions with the currently best ranked Skaters competing in Division A, the remaining Skaters in Division B. However, all Skaters compete together in Division A when the number of entered Skaters does not exceed a certain limit, as indicated in paragraph 4.1.1.

#### 4.1.1. Number of Competitors/Teams in Division A

- a) For 500, 1000 and 1500m, Ladies and Men:
- If 28 or less Skaters have been entered, all compete in Division A;
  - If more than 28 Skaters have been entered, Division A shall consist of 20 Competitors;
- b) For 3000m Ladies and 5000m Men:
- If less than 20 Skaters have been entered, all compete in Division A;
  - If the number of entered Skaters is between 21 and 24, Division A shall consist of 12 Competitors;
  - If more than 24 Skaters have been entered, Division A shall consist of 16 Competitors.

c) For *Mass Start, Ladies and Men*:

- If 24 or less Skaters have been entered, all Skaters will compete in Division A (No Semifinals will be held in such case);
- If more than 24 Skaters have been entered, races will be organized with Semifinals and a Final. In this case Semifinals cannot be canceled even if the total number of Skaters after the draw will be 24 or less in total:
  - Each of the two Semifinals shall then be set up with at least 12 Competitors and with the same number of Skaters, unless there is an odd number of Skaters entered or less than 24 total Skaters are entered after the draw;
  - The entered Skaters are placed in the Semifinals according to their seeding (see Section 5.6), according to the following procedure:
    - Top seeded Skater: Semifinal 1
    - 2<sup>nd</sup> and 3<sup>rd</sup> seeded Skater: Semifinal 2
    - 4<sup>th</sup> and 5<sup>th</sup> seeded Skater: Semifinal 1, etc.
  - Not more than 1 Skater from the same ISU Member may compete in the same Semifinal. Therefore, the procedure described above for the distribution of Skaters in the two Semifinals may have to be adjusted accordingly. The Final shall consist of the 8 best ranked Skaters from each Semifinal. In the case of a withdrawal of a Skater qualified for the Final, this Skater will be replaced in the Final by the next ranked Skater from the Semifinal concerned.

**Summary table regarding number of Competitors for Division A:**

Number of entries	Number of Competitors in Division A or in Final of the MS			
	Up to 20	Up to 24	25-28	>28
500 / 1000 / 1500	all	all	all	20
3000L / 5000M	all	12	16	16
Mass Start	all	all	16	16

**4.1.2. Selection of Skaters for Division A (for Mass Start see 4.1.1 d) above)**

- a) In the *first Competition* the composition of Division A is determined by the final World Cup 2019/20 ranking for the competition category concerned and by the time ranking of the entered Competitors based on qualification times as described in paragraph 3.1.2.a). Only skaters ranked top 40 for 500/1000/1500m or top 30 for 3000/5000m in this time ranking will be allowed to compete in Division A for the distance concerned. The 2019/20 World Cup ranking determines the number of quota places for the ISU Member in Division A (subject to the entry quotas listed in paragraph 3.1.3, and to the maximum limit of 2 Skaters from the same ISU Member for Mass Start). However, an ISU Member may lose their quota place(s) in Division A for the distance concerned if entered skater(s) will be ranked lower than 40/30 respectively as stated above.
- b) In the *second Competition* the selection for Division A shall be based on the current World Cup ranks of the entered Skaters. When 500m are skated with two races in the same World Cup Competition, each race is considered a separate competition regarding the selection of Skaters for Division A.
- c) However, the following entered Skaters/Teams shall compete in Division A for the second World Cup (WC-2) and also for the second race of 500m in WC-1:
- Competitors who finished among the 3 best (ties included) in Division B in the preceding Competition if Division A consisted of more than 12 Skaters;
  - Competitor/Team with a "Wild Card":
    - A "Wild Card" for Division A may be used only the first time the Skater/Team competes in the competition (category) concerned in the World Cup 2020/21. A "Wild Card" may be granted to a Skater placed among the 10 best in the final World Cup ranking 2019/20 or in the ISU Speed Skating Championships 2020 (Single Distances);
    - The request for a "Wild Card" should be made in the Online Entry System when the Skater/Team is entered for the Competition and must be confirmed at the Team Leaders' meeting before the draw for the distance concerned.

#### **4.1.3. Scheduling of Division A races**

- a) For each day of an ISU World Cup Competition the races of Division A for all competitions shall be scheduled as one block of races. The starting time for the block of Division A races shall be stated in the announcement.
- b) Quartet starts shall not be used in Division A.

#### **4.1.4. Scheduling of Division B races**

- a) The races of Division B should be skated on the same day as the races of Division A for the competition concerned, before or after the Division A block. The time schedule for the races of Division B shall be announced at the Online Team Leaders' meeting.
- b) Quartet starts can be used for Division B.

### **4.2. Competition format for Team competitions**

#### **4.2.1. Team Pursuit races**

Team Pursuit races will be organized based on ISU Technical Rule 261, paragraph 1, with National teams of 3 Skaters. Distances are 6 laps for Ladies and 8 laps for Men, and the race format is with two teams starting simultaneously on each side of the track.

#### **4.2.2. General rules for the Team competitions**

- a) The Competitors must wear National Team racing uniforms of the ISU Member concerned, as approved by the ISU;
- b) The deadline for entry of names of the Skaters that may compete in the team (up to 4 names) will be announced by the Referee during the Online Team Leaders' meeting;
- c) The final composition of the team shall be declared by the Team Leader and submitted to Sport Expert or Referee not later than 60 minutes before the start of the Team competition concerned;
- d) For the first ISU World Cup Competition of the season (WC-1) the teams shall be seeded according to the final 2019/20 World Cup Team competition ranking; for the following Competition the teams shall be seeded according to the current World Cup Team competition ranking.

#### **4.2.3. Safety measures**

Details on the safety measures of the Team competitions are given in ISU Communication No. 2195, or any further update of this Communication.

### **4.3. Format for Mass Start competitions**

Mass Start races will be organized based on ISU Technical Rules: Rule 253, paragraph 4.b), Rule 265, paragraph 6.c) and ISU Communication No. 2195, or any further update of this Communication, as well as other documents issued by the ISU Speed Skating Technical Committee.

## **5. Pairing, Drawing and Starting Order, Issuing of Start Lists**

### **5.1. Team leaders' meeting and draw meetings**

- a) An Online Team leaders' meeting shall take place before the first day of the Competition, with the purpose to confirm the final entries and to present race schedules and other logistical information. On subsequent days the Online Team leaders' meeting will be replaced by a procedure where Team leaders submit this information by a given deadline, and where information on race schedules etc. for the following day will be distributed to the Team leaders by other means.
- b) Before the first day of an ISU World Cup Competition there will be an Online opening draw meeting to announce the composition and starting order of pairs for the first competition day. On subsequent days the start lists for the following day will be determined by the Referee based on the entries confirmed at the Team leaders' meeting or procedure as indicated above in para 5.1. a) and the rules given below in para 5.2.
- c) Each participating ISU Member is obliged to attend Online Team leaders' meetings, but participation is restricted to one person (the officially entered Team leaders or another person authorized by the Team leader).

## **5.2. Pairing and drawing at the first ISU World Cup Competition for single distances**

- a) Before noon (12:00) on the day of the Online opening Draw meeting for the Competition, the Team leaders must confirm to the Sport Expert/Referee their entered Competitors, for all distances to be skated in the Competition. The Referee then places the entered Competitors based on their individual ranking in the time ranking list described in 4.1.2, in accordance with the ranking positions of Skaters from the respective ISU Members in the final World Cup ranking 2019/20 in the distance concerned, respecting the entry quotas specified in paragraph 3.1.3 above.
- b) For the short distances (500, 1000 and 1500m) Division A shall consist of the Competitors placed in the top 20; for the long distances (3000/5000m) Division A shall consist of the Competitors placed in the top 16. Division B shall consist of the remaining Competitors. Adjustments will be made in case of an exceptional number of Competitors in Division A as per paragraph 4.1.
- c) In each division Competitors will be ranked according to their best achieved qualifying time. The starting order of the pairs shall be opposite to the ranking order of the Competitors so that the Competitors with the lowest ranks will start in the first pair, and so on. The better ranked Competitor in a pair shall start in the inner lane. However, the last 3 pairs (top 6 ranked Competitors) in Division A are to be drawn. In the case of an odd number of Competitors, the first pair will consist of a single Skater.

## **5.3. Pairing and drawing after the first ISU World Cup Competition (including the second race of the 500m in WC-1)**

- a) Competitors, both in Division A and in Division B, shall be paired according to their individual World Cup rank. An extended World Cup ranking is established by ranking Competitors with no World Cup points according to their best achieved time in World Cup races during the season 2020/21. Competitors with no results from World Cup races held during the season shall be ranked thereafter, based on their best achieved qualifying time. The starting order of the pairs shall be opposite to the ranking order of the Competitors so that the Competitors with the lowest ranks will start in the first pair, and so on. The better ranked Competitor in a pair shall start in the inner lane. However, the last 3 pairs (top 6 ranked Competitors) in Division A are to be drawn.

## **5.4. Rearrangements**

- a) In case of withdrawals after the draw, rearrangements of pairs will be done according to rule 245.1.
- b) After rearrangement in Division A as described in rule 245.1, the best ranked Competitor(s) from Division B will be promoted to Division A and be placed in the vacant spot(s) before rearrangement in Division B.
- c) In any case if a Substitute(s) is entered, the substitute can only be placed in the vacant spot open in Division B.
- d) Rule 245.3 must be respected.

## **5.5. Composition of quartets**

In the case of quartet starts, the four Competitors with the best World Cup ranking shall form the last quartet, and only the first quartet may be incomplete.

## **5.6. Mass Start: starting orders and composition of semifinals**

### **5.6.1. The first ISU World Cup Competition of the season**

- a) If the competition is skated with one race (all Skaters in the Final) only, the seeding of the entered Skaters will be determined by the final World Cup 2019/20 ranking and will determine the starting order (lineup). Skaters not ranked by the final World Cup 2019/20 ranking will be ranked according to their best achieved qualifying time for the 1500m.
- b) If the competition is skated with Semifinals, the same seeding will be used to determine the composition of the Semifinals according to the procedure described in 4.1.1 d) above. The starting order in the Semifinals will then be determined by the seeding of the Skaters in the race. In the Final, the starting order will be determined by giving the winner of Semifinal 1 starting order no. 1, the winner of Semifinal 2 starting order no. 2, the second ranked Skater in Semifinal 1 starting order no. 3, etc.

## 5.6.2. After the first ISU World Cup Competition

- If the competition is skated with one race (all Skaters in the Final) only, the current World Cup ranking of the entered Skaters will determine the starting order. Skaters without World Cup points will be ranked according to their best achieved qualifying time for the 1500m.
- If the competition is skated with Semifinals and a Final, the current World Cup ranking (with extended ranking as defined above) of the entered Skaters will be used for the composition of Semifinals according to the procedure described in 4.1.1 d). This ranking will also be used for the starting order in each Semifinal and in the Final.

## 5.7. Team competitions

The composition and sequence of races will be determined according to paragraph 4.2.2 above.

## 6. Points and Ranking System for World Cup Rankings

The World Cup ranking for each competition category is determined by the number of points the Skaters (or National Teams) accumulate during the season. In the final World Cup ranking, as well as in the intermediate ranking during the season, a tie between Skaters/Teams with the same total of World Cup points will be resolved according to the following criteria (in order of priority) for determining the better ranked Skater/Team:

- The Skater/Team with the higher number of World Cup victories;

- The Skater/Team with the best time achieved in the World Cup for the distance/competition concerned.

## 7.2. Prizes

During the World Cup#2 there will be a special award ceremony for the top 3 places in each competition (category) based on the final ISU World Cup ranking for the season, where a special trophy will be presented by the ISU to the winners.

## 8. Cancellation of Competitions

If the organizing ISU Member considers it impossible to hold an ISU World Cup Competition it has been allotted according to the schedule given in paragraph 2 above, it must urgently give the reasons in writing to the ISU Secretariat to authorize the cancellation. If circumstances during a Competition would make it impossible to complete some scheduled races, the Referee in consultation with the ISU Representative and the ISU Speed Skating Technical Committee Representative is authorized to cancel distances or races. The ISU decides if cancelled distances or races shall be rescheduled for another date and/or another venue.
